TROY PRODUCTS now offers a TMC “wide body” console to fit **2007-2011 Tahoes & Suburbans**. The TMC wide-body console features a full-length passenger-side open compartment to store items such as:

- Three-ring binders/folders/notepads
- Map books/area map books
- Clip boards, posse books, ticket books

As an option, you can elect to cover the open area with custom plates to fit control heads and other features. If you have a custom need, let us know! Also, some agencies have used the front sloped area to install a monitor or receiver. TROY is pleased to work with you on custom requirements.

The TMC wide-body console is a great choice for fire departments, forestry, parks, towing industry and many other public safety agencies!
